"VH" Specialized Woodworking has been in business since 2008. We specialize in designing and building displays, kiosks, kitchen cabinets, vanities, countertops, reception desks, benches, counters and cabinets for medical units, churches, restaurants, cemeteries and properties management housing in Ontario.

We create design, delivery and installation. Our client is provided with computer generated floor plans and 3D drawings. We also have wide selections of all colors, patterns and textures. We offer competitive pricing, great customer service and treated our clients with professionalism and care. Our clients have expressed their satisfaction with the quality of our products and craftsmanship.
